

# KUPA reinvents your water!

**The smart  
water dispenser  
without the waste**

**KUPA Station** encourages a healthy, tasty, and eco-friendly way to replenish electrolytes and hydrate the body while eliminating the need for canned and bottled beverages. Offering chilled and filtered water with options to add flavours, supplements, carbonation, and a sugar-free touch of sweetness, the **KUPA Station** is an all-in-one beverage solution.

## KUPA Stations provide

- **Filtered water**  
Provides great-tasting water by filtering it, removing undesirable tastes, odours, heavy metals, and unwanted elements.
- **Healthy**  
KUPA Station's suppliers work with products from nature, ensuring that they are free of allergens.
- **All-in-one**  
KUPA Station brings together a variety of beverage possibilities to cater to diverse tastes.
- **Ease-of-use**  
An intuitive touchscreen menu and mobile app makes beverage selection easy.
- **Simple installation**  
Simply plug the KUPA station into a standard power outlet as well as a plumbed-in water supply.
- **Zero waste**  
Contributes to a healthy environment by motivating consumers to reuse containers.
