Contemporary, convenient and
compact integrated drinking water tap.

t1

t1

Minimal contemporary design, maximum convenience and performance.

Durable and discreet, the T1's compact and flexible design can be installed directly into a countertop or placed above a sink, for the ultimate in filtered-water convenience.

At a glance.

Water options	 Chilled Sparkling Ambient
Configuration	 Integrated tap
Colour	 Black Steel
System	**ProCore®** Powerful and compact, energy-efficient modular system. **DryChill®** Rapid and hygienic, efficient chilling technology.
Technology	**DeepSparkle®** Sparkling water with long-lasting fizz **Viovandt®** (optional) Chemical-free, eco-friendly integrated UV-LED purification.
Hygiene	**Totality®** Filtration and hygiene assurance with Biomaster®.
Accessories	**T1 Drip Tray** Complementary circular tray for sink-less counterop integration.

Convenient and compact.

For complete convenience, the T1 can be mounted over a sink or paired with a discreet drip tray and placed directly into a countertop. Easily installed with a plug-and-play system, the illuminated control panel is seamlessly integrated into the body of the tap, providing versatile access to sparkling, chilled and ambient filtered water, making it fast and easy to refill bottles and glasses with refreshing, great-tasting water.

Confidently clean water.

Totality® is our 5-step methodology to achieving pure, healthier, premium water. Providing hygiene assurance in every pour, Totality® reduces sediment, odors, chlorine and microplastics, for freshly-filtered water that is safe to drink and tastes clean, crisp and fresh.

For complete peace of mind, select Viovandt® enhanced UV-C purification. The ultraviolet LED technology provides eco-friendly, chemical-free sterilization to reduce bacteria and viruses.

Powerful and energy-efficient.

Designed and built in the UK, the T1 is powered by our exclusive, compact, modular ProCore® system with discrete ventilation. The integrated DryChill® airless, rapid cooling technology delivers the ultimate in hygiene and performance, reducing the risk of contamination and ensuring every glass delivers perfectly chilled, fresh-tasting water.

Bottleless water for every environment.

Designed for hard-working environments, the premium aesthetics of the T1 feature an easy-to-clean Fynil® finish and touch panel with antimicrobial silver ion protection. Refill with ease and eliminate the need for single-use plastic bottles, so you can hydrate with a conscience that is as clear as your water.

Sophisticated and versatile, suitable for both over-sink or sink-less environments.

Excellence in every pour.

ProCore®

Optional accessories.

Deep Sparkle® CO_2 Refills
Can be disposed via standard steel recycling or general waste. Requires CO_2 regulator with gauge.

Bluetooth® Alarmed Waste Kit
A device that emits an audible alarm at high water level and sends a signal via Bluetooth® to deactivate the control panel.

ProCore® Chilled Install Kit
Designed to streamline the installation of an integrated 13.2 GaL/h T1 tap. Includes a 3M AP2 filter for enhanced water purity.

T1 Drip Tray
Available in a steel and black finish, the drip tray can be plumbed into either the mains waste or used with an alarmed waste kit.

Water Refill Station
A heavy-duty cabinet, constructed from black coated steel with a stainless steel top, that features a lockable storage area.

ProCore® + Chilled Install Kit
Designed to streamline the installation of an integrated 21.1 GaL/h T1 tap. Includes a 3M AP3 filter for enhanced water purity.
